

Fort La Bosse School Division Video Conference Student Contract

Video Conferencing is a means for Fort La Bosse School Division to expand course offerings to students. Because of the uniqueness of video conferencing, there are certain expectations of students enrolling in these courses. This contract is intended to make both the students and parents aware of these expectations.

Expectations for students in Video Conference classes mirror those in any face-to-face class, however, they also require an increased level of maturity on the part of the student. Students must be respectful of all learners and the teacher in both their local site as well as remote sites. Attendance, punctuality, staying focused and listening to others are of even greater importance perhaps in this delivery format.

Strategies for a successful video conference learner:

1. Keep an open line of communication with the teacher. You must be your own best advocate and speak up and ask questions of your teacher during class time. Further, if you require additional supports discuss this with your teacher to set up a suitable time/avenue to do so.
2. Be aware of assignment and test dates. Check online calendar for any due dates.
3. Be aware of how to turn in your assignments to the teacher. If your teacher has asked you to scan, email, take a photograph, etc. be clear of the expectations and how to carry those out.
4. Be an active member of the learning community. As in any classroom, you must take ownership and become engaged in the classroom. Contribute to class discussions and support others in their learning journey.
5. Remain organized and do not procrastinate. Organization will be a great step towards your success. Keep materials together in a central location, plan your time, and be prepared.

Contract:

As a student taking a video conference course, I am aware that:

1. My video conference teacher is a regular classroom teacher and should be given the same respect and courtesy as any face-to-face teacher.
2. Assignments are to be submitted on or before the due dates. Consequences for lateness will be determined by my course teachers in accordance with Division policy.
3. Inappropriate contact towards teachers or other students will result in disciplinary action based on the guidelines of my school division's acceptable use of technology policy and my school's code of conduct.

I, _____ (full name) agree to use the Fort La Bosse School Division Video Conference delivery method following the acceptable use policy of the school division and the code of conduct of my school. I understand that any violation of these may result in my removal from the course(s) and possible denial of computer access.
